<sup>1</sup>Data before - AUG-2018 is previously reported data from the legacy data systems. Data from AUG-2018 onward, is updated data pulled from the new BHA - Forensic Data System and is based on the number of periods individuals waited for competency services in jail.

<sup>2</sup>**Court Orders Signed** is the number of court orders signed in the specified month and any additional in-jail stays (i.e., periods of waiting for competency services in jail) starting in the specified month because a class member entered jail from the community while awaiting a court-ordered competency service.

<sup>3</sup>From AUG-2018 onward, the following data elements exclude periods of waiting for competency services in jail that have not yet ended: orders completed and percent completed variables. Once the waiting period has ended, those cases will be included in the wait-time and percents.

<sup>4</sup>From April 2015 to June 2016, the in-jail evaluation compliance deadline was within 7 days from court order signature date, and from July 2016 to April 2017, the in-jail evaluation compliance deadline was within 14 days from court order signature date. As of May 2017, DSHS compliance data are calculated and summarized in this table based on the modified deadline for in-jail competency evaluations outlined in the order DSHS received on 4/26/2017 adopting the Mediated Settlement Agreement, Dkt. # 389, stating: "DSHS shall complete in-jail competency evaluations within the shorter of either a) 14 days from receipt of order or b) 21 days from signature of order". To comply with the new requirements, this report captures two additional sets of compliance information beginning in May, 2017. The first is percentage of orders completed within 14 days from receipt of order (if the order was received within 0 and 7 days from order signature date) (or 14 days from the beginning or notification of a period of waiting in jail). The second is percentage of all orders completed within either of the two compliance deadlines: 14 days from receipt of order (if the order was received within 0 and 7 days from order signature date) (or 14 days from the beginning or notification of a period of waiting in jail) or 21 days from order signature date (if the order was received after 7 days from order signature date). In addition, starting in August 2018, the in-jail evaluation compliance calculations are adjusted based on Good Cause Extensions granted by the court.

<sup>1</sup>Data before - AUG-2018 is previously reported data from the legacy data systems. Data from AUG-2018 onward, is updated data pulled from the new BHA - Forensic Data System and is based on the number of periods individuals waited for competency services in jail.

<sup>2</sup>**Court Orders Signed** is the number of court orders signed in the specified month and any additional in-jail stays (i.e., periods of waiting for competency services in jail) starting in the specified month because a class member entered jail from the community while awaiting a court-ordered competency service.

<sup>3</sup>From AUG-2018 onward, the following data elements exclude periods of waiting for competency services in jail that have not yet ended: orders completed and percent completed variables. Once the waiting period has ended, those cases will be included in the wait-time and percents.

<sup>4</sup>From April 2015 to June 2016, the in-jail evaluation compliance deadline was within 7 days from court order signature date, and from July 2016 to April 2017, the in-jail evaluation compliance deadline was within 14 days from court order signature date. As of May 2017, DSHS compliance data are calculated and summarized in this table based on the modified deadline for in-jail competency evaluations outlined in the order DSHS received on 4/26/2017 adopting the Mediated Settlement Agreement, Dkt. # 389, stating: "DSHS shall complete in-jail competency evaluations within the shorter of either a) 14 days from receipt of order or b) 21 days from signature of order". To comply with the new requirements, this report captures two additional sets of compliance information beginning in May, 2017. The first is percentage of orders completed within 14 days from receipt of order (if the order was received within 0 and 7 days from order signature date) (or 14 days from the beginning or notification of a period of waiting in jail). The second is percentage of all orders completed within either of the two compliance deadlines: 14 days from receipt of order (if the order was received within 0 and 7 days from order signature date) (or 14 days from the beginning or notification of a period of waiting in jail) or 21 days from order signature date (if the order was received after 7 days from order signature date). In addition, starting in August 2018, the in-jail evaluation compliance calculations are adjusted based on Good Cause Extensions granted by the court.

<sup>1</sup>Data before - AUG-2018 is previously reported data from the legacy data systems. Data from AUG-2018 onward, is updated data pulled from the new BHA - Forensic Data System and is based on the number of periods individuals waited for competency services in jail.

<sup>2</sup>**Court Orders Signed** is the number of court orders signed in the specified month and any additional in-jail stays (i.e., periods of waiting for competency services in jail) starting in the specified month because a class member entered jail from the community while awaiting a court-ordered competency service.

<sup>3</sup>From AUG-2018 onward, the following data elements exclude periods of waiting for competency services in jail that have not yet ended: orders completed and percent completed variables. Once the waiting period has ended, those cases will be included in the wait-time and percents.

<sup>4</sup>From April 2015 April 2017, the inpatient evaluation and restoration compliance deadline was within 7 days from court order signature date. As of May 2017, DSHS compliance data are calculated and summarized in this table based on the modified deadline for inpatient competency evaluation and restoration services outlined in the order DSHS received on 4/26/2017 adopting the Mediated Settlement Agreement, Dkt. # 389, stating: "DSHS shall complete inpatient competency evaluation and restorations within the shorter of either a) 7 days from receipt of order or b) 14 days from signature of order". To comply with the new requirements, this report captures two additional sets of compliance information beginning in May, 2017. The first is percentage of orders completed within 7 days from receipt of order (if the order was received within 0 and 7 days from order signature date) (or 7 days from the beginning or notification of a period of waiting in jail). The second is percentage of all orders completed within either of the two compliance deadlines: 7 days from receipt of order (if the order was received within 0 and 7 days from order signature date) (or 7 days from the beginning or notification of a period of waiting in jail) or 14 days from order signature date (if the order was received after 7 days from order signature date).

<sup>1</sup>Data before - AUG-2018 is previously reported data from the legacy data systems. Data from AUG-2018 onward, is updated data pulled from the new BHA - Forensic Data System and is based on the number of periods individuals waited for competency services in jail.

<sup>2</sup>**Court Orders Signed** is the number of court orders signed in the specified month and any additional in-jail stays (i.e., periods of waiting for competency services in jail) starting in the specified month because a class member entered jail from the community while awaiting a court-ordered competency service.

<sup>3</sup>From AUG-2018 onward, the following data elements exclude periods of waiting for competency services in jail that have not yet ended: orders completed and percent completed variables. Once the waiting period has ended, those cases will be included in the wait-time and percents.

<sup>4</sup>From April 2015 April 2017, the inpatient evaluation and restoration compliance deadline was within 7 days from court order signature date. As of May 2017, DSHS compliance data are calculated and summarized in this table based on the modified deadline for inpatient competency evaluation and restoration services outlined in the order DSHS received on 4/26/2017 adopting the Mediated Settlement Agreement, Dkt. # 389, stating: "DSHS shall complete inpatient competency evaluation and restorations within the shorter of either a) 7 days from receipt of order or b) 14 days from signature of order". To comply with the new requirements, this report captures two additional sets of compliance information beginning in May, 2017. The first is percentage of orders completed within 7 days from receipt of order (if the order was received within 0 and 7 days from order signature date) (or 7 days from the beginning or notification of a period of waiting in jail). The second is percentage of all orders completed within either of the two compliance deadlines: 7 days from receipt of order (if the order was received within 0 and 7 days from order signature date) (or 7 days from the beginning or notification of a period of waiting in jail) or 14 days from order signature date (if the order was received after 7 days from order signature date).

<sup>1</sup>The OCRP was implemented July 1, 2020. The data are pulled from the BHA Forensic Data System and Navigator Case Management System and based on the number of periods individuals waited for competency services in jail.

<sup>2</sup>**Court Orders Signed** is the number of court orders signed in the specified month and any additional in-jail stays (i.e., periods of waiting for competency services in jail) starting in the specified month because a class member entered jail from the community while awaiting a court-ordered competency service.

<sup>3</sup>The following data elements exclude periods of waiting for competency services in jail that have not yet ended: orders completed and percent completed variables. Once the waiting period has ended, those cases will be included in the wait-time and percents.

<sup>4</sup>According to the Settlement Agreement, "For criminal defendants waiting in jail, an offer of admission to the community outpatient restoration services program will occur within the constitutional timelines for restoration as outlined by the Federal Court." Therefore, this table captures the 3 compliance deadlines captured for inpatient competency restoration: 1) number and percent completed within 7 days from court order signature date (as stipulated from April 2015 to April 2017) and 2) number and percent of orders completed within 7 days from receipt of order (if the order was received within 0 and 7 days from order signature date) (or 7 days from the beginning or notification of a period of waiting in jail) and 3) the number and percent of all orders completed within either of two compliance deadlines: 7 days from receipt of order (if the order was received within 0 and 7 days from order signature date) (or 7 days from the beginning or notification of a period of waiting in jail) or 14 days from order signature date (if the order was received after 7 days from order signature date) (from May 2017 onward as outlined in the order DSHS received on 4/26/2017 adopting the Mediated Settlement Agreement, Dkt. # 389).
